

§277.12

7 CFR Ch. II (1–1–04 Edition)

State agencies for extension of reporting due dates may be approved, if necessary.

(d) *Time limit for State agencies to file claims.* (1) After the deadline in paragraph (c)(4) of this section for the final SF-269 report, State agencies shall use the form specified by FNS as needed within three years of the end of the Federal fiscal year to amend a prior expenditure report pertaining to such Federal fiscal year. The three-year reporting deadline may be extended by FNS if litigation, an audit, or a claim is unresolved at the end of the three-year period. The reporting form shall be used to amend prior expenditure reports, and to request reimbursement for any additional funding due, or to pay back to FNS any inadvertent prior overclaim. Requests for reimbursement will only be honored if the claim is filed within the timeframe in paragraph (d)(2) of this section. FNS reserves the right to bill State agencies for amounts due FNS resulting from an overclaim, even if no reporting form has been submitted.

(2) Subject to the availability of funds from the appropriation for the year in which the expenditure was incurred, FNS may reimburse State agencies for an allowable expenditure only if the State agency files a claim with FNS for that expenditure within two years after the calendar quarter in which the State agency (or local agency) incurred the cost. FNS will consider non-cash expenditures such as depreciation to have been made in the quarter the expenditure was recorded in the accounting records of the State agency in accordance with generally accepted accounting principles.

(3) For Automated Data Processing (ADP) expenditures approved under §277.18(c), subject to the availability of funds and required FNS approval related to the Advance Planning Document, FNS may reimburse State agencies for allowable expenditures at the appropriate rate in effect at the time the equipment or service was received only if the State agency files for a claim with FNS within two years after the calendar quarter in which the cost was incurred. FNS will consider non-cash expenditures such as depreciation to have been made in the quarter the

expenditure was recorded in the accounting records of the State agency in accordance with generally accepted accounting principles.

(4) States wishing to request an extension of the deadline in paragraphs (d)(2) and (d)(3) of this section must submit the request in writing to FNS prior to the applicable deadline. The State agency's request for an extension must include a specific explanation, justification, and documentation of why the claim will be late and when the claim will be filed.

(5) The time limits in paragraphs (d)(2) and (d)(3) of this section will not apply to any of the following:

(i) Any claim for an adjustment to prior year costs previously claimed under an interim rate concept;

(ii) Any claim arising from an audit exception as defined in this section. An audit exception means a proposed adjustment by the Department to any expenditure claimed by a State agency by virtue of a Federal or State-initiated audit. The audit must comply with the requirements of §277.17 and 7 CFR part 3015, and must have been started within 3 years of the date of submission of the final SF-269 of the relevant Federal fiscal year to which it applies.

(iii) Any claim resulting from a court-ordered retroactive payment. However, this provision does not bind FNS to a State or Federal court decision when FNS was not a party to the action;

(iv) Any claim for which FNS determines there was good cause for the State agency's not filing it within the time limit. Good cause is lateness due to circumstances beyond the State agency's control such as Acts of God or documented action or inaction of the Federal Government. It does not include neglect or administrative inadequacy on the part of the State, State agency, legislature, or any of their offices or employees.

[Amdt. 188, 45 FR 85702, Dec. 30, 1980, as amended by Amdt. 385, 65 FR 33440, May 24, 2000]

§277.12 Retention and custody of records.

(a) *Retention period.* All financial records, supporting documents, statistical records, negotiated contracts, and

Food and Nutrition Service, USDA

§ 277.13

all other records pertinent to program funds shall be maintained for three years from the date of submission of the annual financial status report of the relevant fiscal year to which they apply except that:

(1) If any litigation, claim, or audit is started before the expiration of the three-year period, the applicable records shall be retained until these have been resolved.

(2) In the case of a payment by a State agency to a subagency or contractor using program funds, the State agency, USDA, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any book, documents, papers and records of the subagency or contractor which the State agency, USDA, or the Comptroller General of the United States or any of their duly authorized representatives, determine are pertinent to administration of the specific FNS program funds, for the purpose of making audit, examination, excerpts, and transcripts.

(b) *Restrictions on public access.* Unless required by laws, FNS will not place restrictions on State agencies which limit public access to their records or the records of their subagencies or contractors that are pertinent to the administrative funding provided by FNS except when the State agency can demonstrate that such records must be kept confidential and would have been excepted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) if the records had belonged to FNS.

§ 277.13 Property.

(a) *General.* This section prescribes policies and procedures governing title, use, disposition of real and personal property for which acquisition costs were borne, in whole or in part, as a direct charge to FNS funds, and ownership rights or intangible personal property developed, in whole or in part, with FNS funds. State agencies may follow their own property management policies and procedures provided they observe the requirements of this section. With respect to property covered by this section, FNS may not impose on State agencies any requirement (including property reporting require-

ments) not authorized by this section unless specifically required by Federal laws.

(b) *Nonexpendable personal property—*

(1) *Title.* Title to nonexpendable personal property whose acquisition cost is borne, in whole or in part, by FNS shall vest in the State agency upon acquisition, and shall be subject to the restrictions on use and dispositions set forth in this section.

(2) *Use.* (i) The State agency shall use the property in the program as long as there is a need for such property to accomplish the purpose of the program.

(ii) When there is no longer a need for the property to accomplish the purpose of the program, the State agency shall use the property where needed in administration of other programs in the following order of priority:

(A) Other federally-funded programs of FNS.

(B) Other federally-funded programs of USDA.

(C) Other federally-funded programs.

(iii) When the State agency no longer has need for such property in any of its federally financed activities, the property may be used for the State agency's own official activities in accordance with the following standards:

(A) If the property had a total acquisition cost of less than \$1,000, the State agency may use the property without reimbursement to FNS.

(B) For all such property not covered under paragraph (b)(2)(iii)(A) of this section, the State agency may retain the property for its own use, provided a fair compensation is made to FNS for the FNS share of the property. The amount of compensation shall be computed by applying the percentage of FNS participation in the cost of the property to the current fair market value of the property.

(3) *Disposition.* If the State agency has no need for the property, disposition of the property shall be made as follows:

(i) If the property had a total acquisition cost of less than \$1,000 per unit, the State agency may sell the property and retain the proceeds.

(ii) If the property had an acquisition cost of \$1,000 or more per unit, the State agency shall:
